

PRICING SCHEDULES

As is standard practice in the nursery industry, all of our trees are priced by their caliper (or trunk diameter). Different trees grow at different rates, so this system works better than pricing by height for single-stem, deciduous trees. All clump-form trees and evergreens are priced by height. Height is determined as an average for clumps. We have different price brackets for fruit trees, trees grown on standards/slow growing trees and other shade and ornamental trees. Trees requiring a longer production period are priced slightly higher. All of our potted trees are grown in #15 or #20 pots. This allows us to hold our trees in containers for longer periods without compromising their quality.

Fruit Trees	
Caliper	Price
.5"	\$31.00
.75"	\$58.00
1"	\$74.00
1.25"	\$74.00
1.5"	\$89.00
1.75"	\$100.00

Standards/Slow Growers	
This group includes everything on the "Ornamentals Grown on Standards" list, PLUS: Oaks and Ginkgos & Nannyberries.	
Caliper	Price
.5"	\$53.00
.75"	\$74.00
1"	\$89.00
1.25"	\$114.00
1.5"	\$142.00
1.75"	\$171.00
2"	\$209.00
2.25"	\$231.00
2.5"	\$287.00

Other Shade & Ornamental	
Caliper	Price
.5"	\$36.00
.75"	\$53.00
1"	\$74.00
1.25"	\$89.00
1.5"	\$114.00
1.75"	\$145.00
2"	\$171.00
2.25"	\$209.00

This pricing is wholesale pricing. Everyone who comes to the farm pays the same price. If you are considering purchasing a large quantity of potted trees (10+) please call for availability and a quote. We will soon be adding pricing information for special orders to this website as well.
